

Hockey Hall of Fame

Hockey Hall of Fame

An agreement has been met to have the archives of the Hall housed in the new Complex. The Hall also runs a program with Seneca College, and will utilize the new Complex for this program. Your community will be home to vast resources that many media, authors and students continually access, and you too will have easy access to these same resources. As well, the Hall will display many artifacts both throughout the Complex and within their 14,000 square foot area.

The Hockey Hall of Fame is as excited as you about moving to the community, and the benefits of this relationship will be huge for the community for many, many years to come.
